

Washington State Autonomous Vehicle Work Group Subcommittee Discussion Form

Subcommittee	Infrastructure and Systems Subcommittee
Date of Meeting	Report Period January 2021 – October 4 th , 2021

1) NOTEWORTHY TOPICS OF DISCUSSION, SUMMARY OF DISCUSSION, AND OUTCOME OF DISCUSSION

Given the significant progress made by the subcommittee thus far, and a bit of membership meeting fatigue setting in, the subcommittee decided to hold off on further work while the AV Work Group Executive Committee finalizes its adjustment and strategic approach for how it will proceed in its assessment of Washington State's needs for AV preparations.

2) NEXT STEPS AND PLANS FOR SUBCOMMITTEE

Once the above referenced work by the AV WG Executive Committee is finalized, the subcommittee will be better able to assess how it can best support the AV Work Group's needs going forward.
